Covid 19 Guidelines

Covid Test is mandatory for all pax arriving into or departing from Mumbai. Covid test should be performed in an approved lab and the report should contain ICMR Nbr, RTPCR, Covid negative result. It should also be stamped and signed by authorised signatory.

*** Hand written covid reports aren't accepted even if they contain all the above mentioned fields.

1. On arrival in Mumbai – Pax will need to carry Covid Negative report. The test should be performed 72hrs prior. Any test done further than 72hrs wouldn't be accepted and the pax will have to perform the test again on arrival and the same would take more than 8-10hrs and the pax will have to wait at the airport till then.
All pax have to download Aarogya Setu App also on arrival.

Pax can also upload his / her covid negative report on www.newdelhiairport.in and select the option of Air Suvidha. Once uploaded, there will be a reference nbr which has to be given to the MCGM on arrival in Mumbai (This is handy for pax who are on business visit as they will be returning back and wouldn't be needed to quarantine themselves.)

2. On departure from Mumbai – Pax will need to carry valid Covid negative reports. The date of the report will depend on the guidelines issued by the country of visit. (Some countries need the report within 72hrs or 96hrs, etc)

FROM KIGALI TO INDIA

1. Indian Passport holders are allowed to enter Mumbai
2. Foreign Passport holders with PIO / OCI Card can enter Mumbai
3. Foreign Passport holders are accepted on all visas in Mumbai, with an exception to tourist visas.

HEALTH AND SAFETY GUIDE FOR TRAVELERS TO/FROM Rwanda

A Real Time-Polymerase Chain Reaction (RT-PCR) COVID-19 test taken performed within 120 hours of departure (meaning travelers must be tested and get results within 5 days of their first flight). Other tests, such as Rapid Diagnostics Test (RDTs), are not accepted.

Passengers departing from Rwanda can book for a Covid-19 test on <http://www.rbc.gov.rw/>, or by calling +250 788 633 948; +250 788 422 287 (a test fee will apply).

Passengers are required to book a hotel for 24 hours from the list of designated hotels <https://www.rbc.gov.rw/travel/src/Passengers%20Info%20-%20Designated%20hotels.pdf> and complete the electronic Passenger Locator Form (PLF) available on Rwanda Biomedical Center website. <https://rbc.gov.rw/travel/>

A second test will be conducted at the designated hotel and results will be available within 24 hours. Passengers will remain in the designated hotel as they await test results.

All passengers must follow guidelines of all countries and must have the Pax locator form filled electronically - can be accessed on RBC website link - <https://rbc.gov.rw/travel/> (PLF attached for reference as well).

For more information, we kindly advise you to check on our website <https://www.rwandair.com/media-center/news-press-releases/resumption-of-rwandair-services/> for the latest updates on new added destinations.
